Application Guide for Master's Degree Courses

Shizuoka University
Graduate School of Integrated Science and Technology

National University Corporation

Shizuoka University

***Asia Bridge Program (ABP)**

For students who are citizens of the 16 countries and states listed below, please refer to the other ABP Application Guide, and apply through the special Asia Bridge Program (ABP) admissions.

Shizuoka University's Asia Bridge Program (ABP or ABP-SU), in collaboration with local governments and global corporations headquartered in Shizuoka Prefecture, is designed to educate future global leaders for business and society. The mission is to foster globalization of the Shizuoka community and industry by cultivating and developing highly skilled individuals with a global vision. (For more details: <http://www.abp.icsu.shizuoka.ac.jp>)

To fulfill the goal of the ABP program, Shizuoka University offers the ABP tuition aid to students who are citizens of the following 16 countries and states, and do not have Japanese nationality. The aid covers the examination fee, the enrollment fee, and the first year's full tuition. The tuition waiver for the second year will be awarded according to each individual's academic performance during the first year. In addition, maximum 20 students will receive 40,000 yen (JPY) per month for the first 12 months.

The 16 countries and states are: Democratic Socialist Republic of Sri Lanka, Federal Democratic Republic of Nepal, India, Kingdom of Thailand, Lao People's Democratic Republic, Malaysia, Mongolia, People's Republic of Bangladesh, People's Republic of China, Republic of Indonesia, Republic of Korea, Republic of Singapore, Republic of the Philippines, Republic of the Union of Myanmar, Socialist Republic of Viet Nam, and Taiwan.

Our Vision

Freedom and Enlightenment & Creating of the Future

A university with an active presence promoting high-quality education and creative research that collaborates and grows together with society.

(For more details: <http://www.shizuoka.ac.jp/english/outline/vision/mission/index.html>)

Our Mission

Education

Shizuoka University will cultivate learned individuals who are endowed with a sense of responsibility for the future of the Earth, an international outlook, a high level of specialized knowledge, the spirit to take on challenge without fear of failure, and a rich humanity.

Research

Shizuoka University strives toward scholarship that can contribute at all levels to worldwide peace and the prosperity of humankind through the pursuit of academic research which is abounding with creativity.

Social Collaboration

Shizuoka University will contribute to society by working hand-in-hand with local communities, addressing earnestly the various problems which society faces, and functioning as a beacon tower for the promulgation of culture and science.

Our Departments and Education

● **Department of Informatics**

In the Department of Informatics, we cultivate students who are ready to join society as advanced professionals, equipped with expertise and problem-solving skills in ever-changing information technology and society. Such students are not only capable of contributing to the realization of a desired information society, but also to harmonious developments between human beings, and information technology. We seek students who will contribute to the creation of new information cultures.

Education

Along with the interdisciplinary education/research of informatics that integrates and unifies information science, system and sociology, we provide the students with systematic and specialized education programs in computer science, information systems, and information society design.

● **Department of Science**

The Department of Science aims to train individuals with problem-solving skills who are able to apply fundamental science to advance the study of science and technology. Our curriculum places emphasis on the importance of students' involvement in advanced academic research in order to foster their scientific thinking to seek truth for the sake of the enrichment of humankind. Our education also aims to develop students' ability to take action, think insightfully, and improve technology, while assisting diverse needs of society. Our mission is to seek out an essential understanding of reality and to perform academic research that is inspired by innovation. We cultivate and develop highly-skilled individuals who have mastered the erudite scholarship needed in advanced technology and research.

Education

We aim to cultivate well-trained individuals who possess advanced expert potential and the ability to perform creative research. We develop students' multifaceted views through requirement and elective courses that highlight foundational theories in order to enhance their skills to solve issues in the field. Our curriculum stresses systematic links between lectures, seminars, and research, and faculty members provide students meticulous advice on courses and research.

● **Department of Engineering**

The Department of Engineering educates socially-conscious individuals with the ability to identify and solve real-life issues by effectively and responsibly engaging in the practice of the engineering profession. Students are trained to become local and global leaders who contribute to the enrichment of future society as well as the advancement of the field of engineering and technology, leading to engineering innovation and partnerships with industry.

Education

Our education aims to raise students' social sensibilities, global awareness, and level of leadership in this diverse society. We train students to produce new and innovative technology and solutions that contribute to all fields of science and engineering. Students experience and participate actively in cutting-edge researches in a wide range of areas conducted in the Department of Engineering.

● **Department of Agriculture**

Providing sufficient food, clothing, and housing in better ways is the fundamental idea of the research we conduct and the courses we teach at the Department of Agriculture. We work to develop the theoretical foundation and improve the technologies that are critical in achieving this fundamental goal. Based on environmental science and bioscience, we offer education for individuals who can contribute to the sustainable development of our community and the world at large.

Education

Our education helps students grow as expert professionals while acquiring profound understanding of the connections between their studies and related industries and how those connections form the backbone of their future research. With emphasis on experiments and laboratory work, our students acquire foundational knowledge and practical skills which are critical for the advancement of the field as well as the local and global communities. Students also acquire broad knowledge of cutting-edge work in the natural sciences, well-balanced ethics, and perspectives as engineers in their own and related fields.

I. 2017 October Admissions Overview/Capacity

| Department | Course | Number of Students for October 2017 Admissions |
|-----------------------------------|---|--|
| Informatics (Hamamatsu Campus) | Informatics | Total a few students* |
| Science (Shizuoka Campus) | Mathematics Physics Chemistry Biological Science Geoscience | |
| Engineering (Hamamatsu Campus) | Mechanical Engineering Electrical and Electronic Engineering Electronics and Materials Science Applied Chemistry and Biochemical Engineering Mathematical and Systems Engineering Management of Business Development | |
| Agriculture (Shizuoka Campus) | Biological and Environmental Science Applied Biological Chemistry Environment and Forest Resources Science | |

* Under any circumstances including when the number of applicants who passed this entrance examination is less than the capacity above, no additional successful applicants will be announced, or no additional entrance examinations will be scheduled.

II. Eligibility Requirements

Applicants must fulfill all eligibilities 1), 2) and 3):

- 1) Do not have Japanese nationality
- 2) Do **not** have nationality of the following countries or states:

| | |
|--|--------------------------------------|
| Democratic Socialist Republic of Sri Lanka | Federal Democratic Republic of Nepal |
| India | Kingdom of Thailand |
| Lao People's Democratic Republic | Malaysia |
| Mongolia | People's Republic of Bangladesh |
| People's Republic of China | Republic of Indonesia |
| Republic of Korea | Republic of Singapore |
| Republic of the Philippines | Republic of the Union of Myanmar |
| Socialist Republic of Viet Nam | Taiwan |

(Applicants from these 16 countries or states must apply through the special Asia Bridge Program (ABP) admissions. Please refer to the ABP Application Guide.)

- 3) Applicants also must fulfill either of the eligibility 3a) OR 3b) indicated below:

3a) Have completed at least three years of university education curricula outside Japan and have a bachelor's degree or an equivalent certificate (Or expected to complete by September 30, 2017).

3b) In case 3a) is not satisfied, the applicants must have been reviewed and approved by either of the Departments (Informatics, Science, Engineering or Agriculture, Graduate School of Integrated Science and Technology, Shizuoka University) to have the eligibility, e.g. Preliminary review of eligibility requirement.

Those of you who wish to apply with the Eligibility Requirement 3b) must submit required documents to the Department(s) first for the Preliminary Review of your eligibility. Each department provides its own form for the preliminary review, so please first email to the Department(s) you want to apply between Wednesday, December 14th, 2016 and Friday, January 13th, 2017, and ask the procedures. Failure to request the Preliminary Review and not fulfilling the Eligibility Requirement 3b) will result in losing your eligibility to apply for the October 2017 admissions.

After emailing to the Department(s), you will be asked to fill the designated form, and submit the necessary documents to mail them by post. All the documents must arrive at Shizuoka University no later than Wednesday, February 1st, 2017. Please note that the requirement of each Department is different. 2. Courses and Departments to Apply

Please refer to the “I. 2017 October Admissions Overview/Capacity” above.

- **Departments of Informatics, Science, and Engineering**

If you are applying to the Department(s) of Informatics, Science, and/or Engineering, you can select your first and second choices of courses and/or departments, and prospective academic supervisors. By selecting two different departments, and passing both of the first round selection processes, two separate interview examinations will be scheduled for the applicant.

- **Department of Agriculture**

If you are applying to the Department of Agriculture, you can only choose one course (the first choice only).

3. Online Application System

All the application documents are only accepted through the online application system. Any mailed or submitted-in-person documents will not be accepted. Applicants must follow the on-screen directions on the website, which will be opened at the beginning of the application period. Please check our website frequently for updates:

<http://www.abp.icsu.shizuoka.ac.jp>

(This above address is on the Shizuoka University ABP website; however, all students, both ABP and non-ABP, must apply through the same online application system at this website address.)

If you encounter any technical errors, please contact at the following email address:

Office for the Promotion of Global Education Programs
kabpexam@ipc.shizuoka.ac.jp

4. Application Period

Sunday March 12th to Friday, March 24th, 2017

The online application system will close at noon on Friday, March 24th, 2017, Japan Standard Time.

IV. Selection Procedure

The first round selection is based on a comprehensive review of all documents submitted by the applicant. Only the successful applicants will be invited to an internet interview examination for the second round selection. The final decision will be made by the examination committee, based on an overall assessment of both interview examination and evidence provided in the application documents.

1. First Round Selection (Document Screening)

The first round selection will be based on each applicant's submitted documents. The result of the first round selection will be announced on the following Departments' websites on Thursday, May 11th, 2017:

- Department of Informatics

<http://www.inf.shizuoka.ac.jp>

- Department of Science

<http://www.sci.shizuoka.ac.jp>

- Department of Engineering

<http://www.eng.shizuoka.ac.jp>

- Department of Agriculture

<http://www.agr.shizuoka.ac.jp>

2. Second Round Selection (Interview Examination)

For those of you who have passed the first round selection, the second selection will be an interview examination through internet (e.g. Skype). The interview examination will be scheduled between Thursday, May 25th and Thursday, June 8th, 2017, and each applicant will be notified via email. Applicants are required to secure high-speed internet access at the time of the interview examination.

VI. Notification of Final Result

Thursday, June 15th, 2017

The result will be announced on the following Departments' websites. Successful applicants will be also notified via email.

- Department of Informatics

<http://www.inf.shizuoka.ac.jp>

- Department of Science

<http://www.sci.shizuoka.ac.jp>

- Department of Engineering

<http://www.eng.shizuoka.ac.jp>

- Department of Agriculture

<http://www.agr.shizuoka.ac.jp>

VII. University Registration and Enrollment Period

Registration: Late September 2017

Enrollment: Sunday, October 1st, 2017

VIII. Important Reminders

1. Enrollment Fee and Tuition

Enrollment Fee: 282,000 yen (JPY) (For 2016)

Tuition Fee: 535,000 yen (JPY) (For 2016)

Tuition and other fees for the Shizuoka University admissions are standardized and determined by the Ministry of Education, Culture, Sports, Science and Technology, Japan. If the tuition is increased while school is in session, the new amount shall apply from the date that becomes in effect. (The enrollment fee and the first year's full tuition are waived for students who are eligible for the ABP tuition aid.)

2. Other Initial Expenses at the Time of Enrollment

| Department | Expense | Amount (JPY) (for 2016) |
|-------------|------------------------------|-------------------------|
| Informatics | Student welfare society fees | 11,750 yen |
| Science | Welfare society fees | 10,000 yen |
| Engineering | Miscellaneous expenses | 10,750 yen |
| Agriculture | Supporter's association fees | 11,750 yen |

*Amounts are subject to change.

The other initial expenses at the time of enrollment listed above are for the associations in which students are to join by understanding the purposes, and that provide them with educational and other-related assistances. In addition, all students of Shizuoka University are enrolled in "Disaster and Accident Insurance for Student Education and Research" to prepare for any unexpected incidents during the course of the regular curriculum. The costs for this insurance are included above.

Disaster and Accident Insurance for Student Education and Research

This insurance covers disasters and accidents met by students during educational and research activities (e.g. the course of regular curricula, school events, extracurricular activities, and a break on campus), and while commuting (including from home to campus for regular curricula, school events,

and extracurricular activities, and from facility to facility on campus). The Japan Educational Exchanges and Services maintains this insurance policy as a national mutual-aid system. All students at Shizuoka University are enrolled in this insurance.

Liability Insurance for Students

In addition to the insurance above, liability insurance for students are also strongly recommended for all students. It covers 24 hours a day, wherever you are (on-campus, off-campus, even when you are traveling back to your country). For application, go to the University CO-OP.

Price 3,000yen (University Coop membership fee) + Insurance fee 3,120 JPY (2 years)

* University Coop membership fee (3,000 JPY) will be returned when you graduate.

3. Personal Expense in Campus Life

Living cost should be covered by personal expense. It will cost around 70,000 yen (JPY) per month in Shizuoka, including housing, food, utilities and others. Please refer to the following website for the University dormitories:

<http://www.abp.icsu.shizuoka.ac.jp>

<http://www.icsu.shizuoka.ac.jp/english/0304.htm>

4. Requests for disclosure of examination results

Applicants who failed the first or second round selection can make a request for the disclosure of their entrance examination results. For questions regarding these requests, please contact the following office during the request period: Wednesday, November 15th – Friday, December 15th, 2017:
